PARIS

SAINT-GERMAIN
ACADEMY

OPEN TO EVERYONE

The Paris Saint-Germain Academy is open to boys and girls, from 8 to 17 years of age, irrespective of their standard, to share the values of Paris Saint-Germain via unique cultural and sporting experiences.

A RENOWNED METHODOLOGY

Each coach is specially trained in the Paris Saint-Germain methodology, to guarantee quality coaching.

The training sessions are devised by the club's technical staff and follow the Paris Saint-Germain playing philosophy, while adapting to the level of each child.

A UNIQUE METHODOLOGY

The Paris Saint-Germain Academy proposes a unique methodology, created by the technical directors of the club and common to all the Paris Saint-Germain teams, from the youth academy to the professional team.

The Paris Saint-Germain Academy programmes follow the club's philosophy of play, based on game mastery and ball possession which celebrates efficient and spectacular football.

The goal is to build strong individual players which always serve the collective, team spirit being one of the main values of Paris Saint-Germain's game project.

Creating intelligent players who understand the game and adapt to different situations is one of the club's main goals. Growing up, the player will be able to take the correct decisions independently thanks to a good perception of the game.

Generating a solid work ethic is one of the main values of our education. The objective is to develop altruistic players, who can repeat high intensity efforts together for the benefit of the team.

The final goal of the Paris Saint-Germain Academy is to build good football players but also to transmit strong educational values which will be part of the child's day to day life.
