★★★★★

"I very much enjoyed my two weeks in this language school! Teacher was very inspiring, accommodating and supportive, [...] creating an open learning atmosphere, 'a safe' and also inclusive environment for learning. I also liked being in the group with people of many nationalities and age groups.

I am already planning my next course in this school!

Sari, student for 2 weeks in the Intensive 'A' program

★★★★★

"I spent 10 weeks at Accord and truly saw a massive improvement in my French. This is mainly, I believe, due to that the teachers are very dynamic and motivated and it is clear they love their language. Not only do I feel that I learned a great deal of the language, but also of the French culture.

The School is also located in a very clean area of the city, directly across from the Tour Eiffel. Near by are many restaurants and cafes."

Adalena, student for 10 week in the Intensive Course 'B'

★★★★★

"I started from an A1 level and, thanks to the intensity of the program and the competence of the teachers, I managed to reach a B1 level in a very short time. The progress I noticed was truly remarkable, both in grammar and in everyday communication.

The teachers are highly skilled, professional, and at the same time very kind: every lesson is well-structured and engaging. I also really appreciated their helpful and attentive approach; they are always ready to assist with any request or difficulty, creating a positive and motivating learning environment.

The course is complete and varied: it covers grammar, conversation, listening comprehension, and written expression, allowing you to develop all language skills in a balanced way.

Overall, I believe that Accord is a very high-quality school. I would genuinely recommend it to anyone who wants to learn or improve their French: the experience was extremely positive and the results speak for themselves."

Beatrice, student for 7 weeks in the Intensive Course 'D'

★★★★★

"I had two wonderfully dedicated and competent teachers. Questions were usually answered immediately and in detail. Even exercises that I had done at home on my own were corrected by both of them without any fuss. Both use a variety of teaching methods; in addition to classroom discussions, there were group work with special support for those who were still a little weaker linguistically. There were also some listening comprehension exercises, often enriched with playful elements.

I really enjoyed the course."

Carsten, student for 4 weeks in the Intensive Course 'A'

★★★★★

"I found Accord online and booked a week of classes, just mornings as I wanted to be free in the afternoons to see Paris. It was a fabulous experience. Through a written exam, they placed me in a course which turned out to be the perfect level- challenging but manageable.

My instructor was absolutely wonderful. She is possibly one of the most skilled classroom instructors I have ever studied with. She led the class at a pace that required rapt attention, she seemed to understand and respond to the needs of each student intuitively, and was able to seize 'teachable moments' and turn them into timely and succinct mini-lessons within the lesson. I feel very fortunate to have found Accord and, in particular, my instructor. I hope to return soon!"

Cordelia, student for 1 week in the Intensive Course 'A'

★★★★★

"I have spent 3 separate weeks at Accord over the past 15 months, and each experience has been excellent. From the start, the management and teaching staff are welcoming and friendly, making the whole experience relaxed and enjoyable. The school attracts students of all ages and nationalities, creating a lively atmosphere in class. The teachers are very encouraging and genuinely interested in their students and their progress. The subject matter is always interesting, and I learn more than just French.

I would strongly recommend Accord."
